INFORMATION FOR YOUR SAFETY

F.Y.S. Eye Safety

Each working day in the United States, more than 2,000 employees sustain job-related eye injuries, making workplace injuries a leading cause of ocular trauma, vision loss and blindness. Safety eyewear must have ANSI Z87.1-2003 (which means it is impact resistant) marked on the frame or lens.

A. Sideshields

Flex Sideshields

- Molded to a bendable softness
- Simply weave through temple for a secure, comfortable fit
- Blocks 99.9% of UV rays
- ANSI Z87+ Standard

Slip-On Sideshields

- Slip-on sideshields are not ANSI approved
- Eyewear not included

Part Number	Description
RAD 64051420	Slip-On Sideshields
RAD 64051421	Flex Sideshields

B. Ventilated Safety Goggles

- Soft vinyl frame fits snug and can be worn for extended periods of time
- Transparent frame allows vision in all directions and has hooded vents that prevent fogging and aid ventilation
- Tough polycarbonate lens offers protection against dust and flying objects

Part Number	Description
RAD 64005093	Ventilated Safety Goggles
RAD 64005096	Ventilated Safety Goggles Anti-Fog

C. Chemical Splash Safety Goggles

- Soft vinyl frame fits snug and can be worn for extended periods of time with comfort
- Clear polycarbonate lens and clear frame with indirect ventilation (4 screened vents) allow these goggles to be effective protection against dust, splashes and light impact

Part Number	Description
RAD 64005095	Chemical Splash Safety Goggles
RAD 64005097	Chemical Splash Safety Goggles Anti-Fog

D. Replacement Elastic Goggle Band

- Exact replacement for goggles listed above

Part Number	Description
RAD 64005098	Elastic Goggle Band (4/pk)
