

3M GVP-Series Belt-Mounted Powered Air Purifying Respirators

The GVP PAPR is a motorized blower unit worn at the waist that delivers filtered air into a hood, helmet or facepiece. The GVP allows the wearer to choose from a wide selection of filters that offer flexibility and freedom to work in a variety of industrial environments. These systems are compatible with many different styles of headgear ranging from lightweight hoods, bumpcaps, hardhats, helmets and full facepiece respirators.

Features

- High levels of airflow
- Contoured for maximum comfort
- Eight hour battery
- Intrinsically safe
- Inlet and outlet plugs to allow blower unit to be completely sealed for decontamination
