GAP COMPLIANT RESTROOM PACKAGE

Features:

If you live in a region where agriculture is an economic driver, you have a ready market for portable restrooms, portable sinks, and portable hand sanitizers.

The U.S. Department of Agriculture requires that a collection of principles known as "Good Agricultural Practices" (GAP) be implemented on all farms to ensure that food is safe and healthy.

According to the official "Good Agricultural Practices & Good Handling Practices Audit" used by the USDA to check farms, it is necessary that...

- Employees are required to wash their hands before beginning or returning to work.
- Readily understandable signs are posted to instruct employees to wash their hands before beginning or returning to work.
- All toilet/restroom/field sanitation facilities are clean. They are properly supplied with single use towels, toilet paper, and hand soap or antibacterial soap and potable water for hand washing.
- All toilet/restroom/field sanitation facilities are serviced and cleaned on a scheduled basis.

All Safety Product's GAP Compliant Portable Restroom Package is fully-equipped and ready-to-go!

The GAP Compliant Portable Restroom Package includes:

- PJN3™ Restroom
- Exterior Sink
- Towel Dispenser
- Soap Dispenser

Portable Toilets and Portable Restrooms are not all alike. Our Portable Toilets and Restrooms are some of the best in the world. [PJN3 Portable Restroom](#) features:

- Door mounted Mirror and Handle
- Advanced waste tank design with rounded slope top and conveniently placed deep central sump
- Heat-treated aluminum doorjamb designed to withstand frontal impact
- Non-splash urinal

The PJN3's design helps portable sanitation operators by providing a restroom that is easily serviceable with the following benefits:

- Reduced time for pumping, wipe downs, and drip dries
- Reduced risk of structural damage to front assembly
- Sag resistant door assembly

Also available are the [We'll Care III](#) - ADA Compliant and the [Comfort Inn](#) - Wheelchair Accessible Portable Restrooms. All of All Safety Product's Portable Restrooms are made of high-grade polyethylene material and offer great revenue generating opportunities.

Our Comfort Inn Portable Restroom features:

- Wheelchair accessible with a compact design
- Can be moved easily by one person
- Spacious design permits greater movement
- Inexpensive and suits many needs

Our We'll Care Portable Restroom features:

- Design certified to meet and exceed ADA requirements
- Heavy-duty Ryobi door closure with adjustable door closing speed
- Interior allows for wheelchairs to turn 360
- Low maintenance costs
- Convenient grab bars
